## Watermelon Cake

### Ingredients:

- \* Watermelon, sliced into large triangles
- \* Raspberries
- \* Strawberries
- \* Mandarin Oranges
- \* Kiwi
- \* Any other fruit you like!
- \* Toothpicks

1. Stack the watermelon triangles, point-side inward, to form a large circle. Continue stacking until the circle is 4 slices high (about the size of a regular cake).
2. Using the toothpicks, stack the berries and other fruit and stick into the top of the cake as decorations. Decorate as much as you like, then enjoy!
