

# Brick Paver Order Form

## The Novi Community is Building a New Library...

Here is your chance to have your name, or the name of a friend, family member, or local organization permanently placed into the walkways and patio areas of the Novi Public Library's new building.

Whether you are honoring a family member, celebrating a special occasion, or remembering a loved one, personalized bricks make for a long lasting gift. Bricks will be located within the main entrance of the building, along various landscaped areas or on the patio of the Library (placement of bricks will be determined by the architect based on size).

Complete the order form on the reverse side. Payments can be made by credit card or by check made payable to the Novi Public Library.
