Watermelon Cake

Ingredients:
- Watermelon, sliced into large triangles
- Raspberries
- Strawberries
- Mandarin Oranges
- Kiwi
- Any other fruit you like!
- Toothpicks

1. Stack the watermelon triangles, point-side inward, to form a large circle. Continue stacking until the circle is 4 slices high (about the size of a regular cake).
2. Using the toothpicks, stack the berries and other fruit and stick into the top of the cake as decorations. Decorate as much as you like, then enjoy!
