Welcome To Story Time

We hope story time will be a memorable experience for you and your child. Here are just a few tidbits of advice to help make story time an exciting, fun and educational time for everyone:

- Please try to arrive 10 minutes before the program begins.
- This may be a new experience for your child. If he/she becomes restless it may be necessary for you to remove him/her from the room. Please don’t be embarrassed. We have all shared this experience. Come back in when he/she is quiet or just “call it a day” and join us the following week.
- Because good story time behavior takes practice, and we want the experience to be the best possible, please help your child sit while the stories are read. This will allow everyone to be able to see the books. Music and singing times are for standing and moving around.
- Please refrain from bringing toys to story time.
- Please wait to eat or drink until after the program is over.
- If possible, visit the restrooms before you enter the story time room.
- The window ledge in the story time room is for grown-ups only. We want to keep our little guests safe!
- Remember, we think parent participation is a great asset to the program, so have fun with us.
- Relax and enjoy. It is not expected that your child will sit perfectly still and participate in each activity. It is our hope that everyone has a good time. With your help, we can develop and nurture your little one’s love of books and the library.
